

The Cat is on the Tablut

Tablut Challenge Presentation

Introduction

- Python (Cython)
- MiniMax - Alfa Beta
- Transposition Table
- Genetic algorithm

Heuristics

- Number of pawns
- Average Manhattan distance to the king
- Surrounding ratio
- Minimum distance to free escape tile

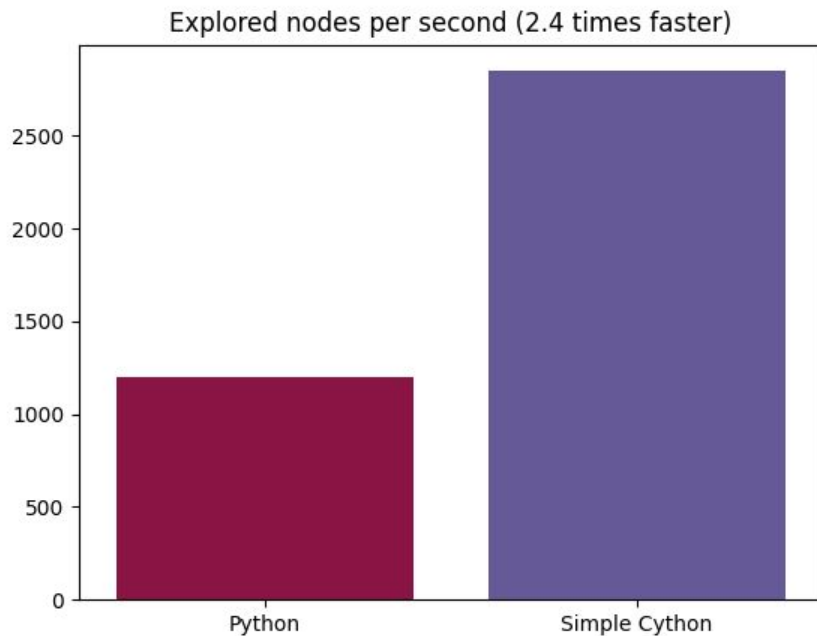

Genetic algorithm

- 50 epochs of 5 games
- Fitness: the quicker to win the better
- Selection: higher probability for the fittest individuals
- Crossover
- Mutation

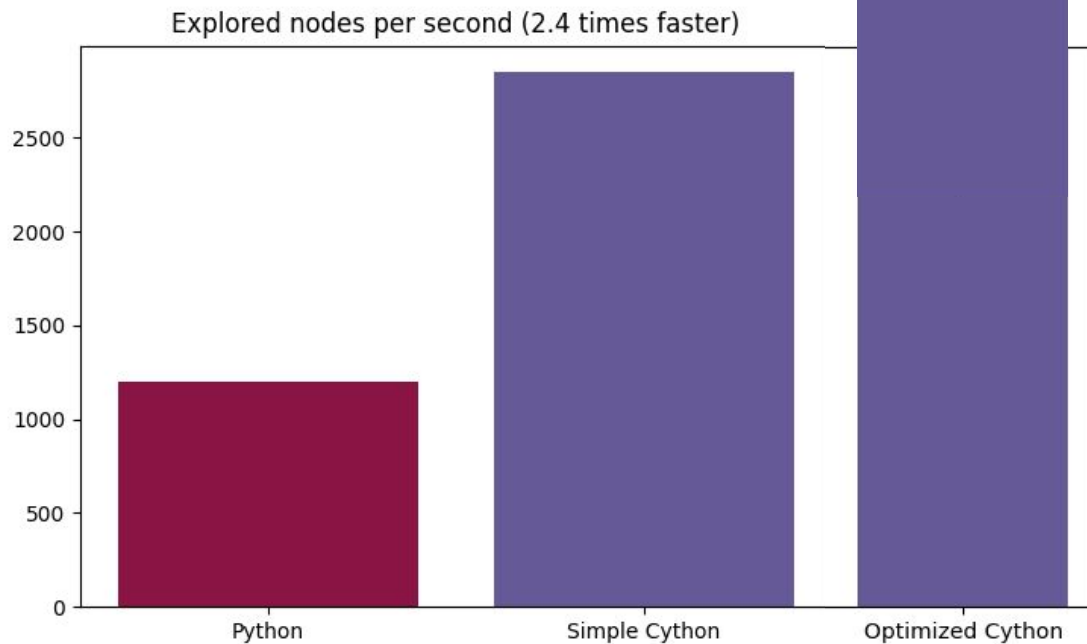

Python Benchmarks

Comparing explored nodes per second
